Hey Ntale,

I wanted to provide you with a brief update on a meeting I had with WPD on the Velella Epsilon NPDES permit public hearing coming up on January 28<sup>th</sup>. Meeting participants included Kip, Chris, Paul, Dawn from EPA and ERG (consultant). ERG is handling the meeting facilitation and logistics. Currently we have 68 people registered to attend and 20 people registered to speak. We expect elected officials from the City and County of the Sarasota area to speak at the hearing.

Kip is going to be developing a media sheet and I will be providing NEPA input.

Dawn Harris-Young from public affairs will also be participating in the meeting.

Let me know if you have any questions.

Thanks,  
Dan
